## Introduction & History

We would like to introduce you to the Kiwanis Club of Baltimore City. For over 90 years, our service organization has worked to improve our community. Our members are business leaders, both men and women. Our focus is on improving the lives of disadvantaged children.

Again we are funding the St. Frances Academy, which have been "Opening The Doors Of Opportunity Since 1828". St. Frances Academy is an inclusive academic institution with no restrictive entrance requirements. It prepares students, especially those with difficult circumstances, for academic and professional challenges and successes by maintaining a nurturing and loving environment. It also prepares students to think and behave responsibly. St. Frances strives to be a place of refuge, hope, and salvation by maintaining a community of love, support and discipline, while working to instill in its members a sense of mutual respect and responsibility.

We were impressed with the students desire to improve not only themselves, but also the lives of their fellow man. We have witnessed students work on the Salvation Army's Van, which feeds the homeless. They have also demonstrated their commitment to help tutor and mentor others in their communities. We have seen them respectfully interact with our Club members in meetings and lunches.

We want to continue extending ourselves with your support to this Institution. We are continuing our attempt to entrench ourselves in a relationship so that we can continue to be proud of the work that this institution is doing, as well as the growth of it's students.
