Celebrating over 190 years of service to God's people

March 15, 2019

Dear Saint Frances Academy Parent/Guardian,

It is customary at this time of year for me to inform you about the changes in tuition and fees for the coming year. We have decided to allocate resources such that no student has to pay more than \$9,850 in tuition (excluding class fees). Fees will remain unchanged from last year.

What does this mean for you? If you re-register your child **no later than Friday, April 5, 2018** you will not have to submit tax transcripts. Your student's class fees will be adjusted corresponding to your child's grade level as we have always done.

Re-registration includes the following:

1. \$150 re-registration fee is paid in full.
2. The re-registration packet is complete and turned into the main office.
3. Your April 2019 tuition is paid in full.
4. You have no other outstanding financial obligations to the school.

Again, the above items must be complete by April 5th. There is one final step to complete the process.

You must be fully enrolled in *SMART Tuition* no later than Wednesday, May 22, 2019.

Please note: If you miss *either* of these deadlines, you will have to start the entire tuition process from the beginning (including submission of 2018 tax transcripts). Also, after April 5th the re-registration fee will go up to \$250 and *financial aid is no longer guaranteed*.

Re-registration packets and *SMART Tuition* paperwork will be available beginning Friday, March 15, 2019.

Please note that these financial policies apply to returning students only.

Thank you for your continued commitment to Saint Frances Academy and we look forward to welcoming you all back for the 2019-2020 year.

In God's Providence,

Deacon Curtis Turner, Ed.D.

Dear Parents and Guardians,

In order to ensure that we have the most accurate picture of your student's overall academic performance (i.e. to accurately track progress towards required credits for graduation and NCAA eligibility), we highly suggest that you request transcripts from each school your student previously attended.

If your student is an athlete, having a transcript from each school allows our Academic Coordinator to accurately calculate their NCAA Core GPA, as the NCAA requires grades from each school to be uploaded separately. Please see below for information directly from ncaa.org/student-athletes/future/transcripts:

If a student has attended more than one high school, or taken courses from more than one program, the NCAA Eligibility Center needs an official transcript from each high school or program. Grades from one high school or program transcribed on another high school's transcript will not be accepted.

Please have previous schools email, fax, or scan and email a copy of the student's records to:

Office of Admissions
501 E. Chase Street
Baltimore, MD 21202

If you have further questions, please contact our Academic Coordinator (anne.spencer@sfacademy.org).

Dear Parents & Guardians,

The Family Partnership Program (F.P.P.) is a program at SFA that will make a significant difference in our educational environment. We are asking all families of current students to provide the school with a minimum of 10 hours of adult service each year. Any adult member of your family is invited to perform the volunteer hours. Hours worked by students or other children in your family do not count toward the 10-hour minimum.

The Family Partnership Program only operates during the school year. If you are the parent of a senior, you must have your hours completed or paid before May 1st. Parents of freshmen, sophomores, and juniors have until May 28th to meet this obligation. Any family who does not meet the minimum number of hours required for the Family Partnership Program or who chooses not to participate, will be assessed \$15.00 for each hour not completed (\$15.00 x 10 hours for a total of \$150.00). These funds must be paid by the deadlines stated above.

Please select at least two events from the following items:

- Fall Fest
- Soul Food Luncheon
- Faculty Christmas Party
- 3 Cases of copy paper (full 10 hours)
- Spring Fest
- Joe Corbi's Fundraiser
- Spring Fest
- Midnight Madness (Concessions)
- Homecoming (Concessions)

_____ I am able to provide volunteer service at this time. I will make sure that my service obligation is met.

_____ I am NOT able to provide volunteer service. Please find the enclosed payment of \$150.00 (10 Hours X \$15.00 Per Hour). *You will receive a receipt for your payment.*

COUNSELING DEPARTMENT

Mother Mary of Good Counsel Pastoral Counseling Center (MMGCPC)
ACKNOWLEDGEMENT OF COUNSELING PROGRAM

What is Counseling?

Counseling is sorting through difficult times in life's journey with the help of another person who can listen to you and help you make things clearer. Counselors do not give advice or solve your problems for you. Some problems cannot be solved but you can learn to cope (or deal with) these problems. Counseling may be short-term (a few sessions) or long-term (a year or more) depending on the issues and goals of the client. To go to counseling does not mean you're "weak" or "mental". Everyone needs someone to talk to and at the Mother Mary of Good Counsel Pastoral Counseling Center, we have counselors and staff who are trained to listen and support you through individual and group counseling.

Serving Students and Families

The students at St. Frances are made aware of the counseling center and may request counseling at any time. A teacher, administrator, or parent may also refer a student for counseling, but the decision to participate is that of the student. Students receive counseling during the school day and may miss a class to participate in counseling. Every effort is made to schedule counseling during elective courses, during lunch periods and afterschool. Again, counseling is a resource to assist students as they sort through the challenges of adolescence.

A parent may be contacted by a child's counselor if

- there is a threat that the child is a danger to him/herself or someone else,
- the child requests a family session, or
- additional services may be appropriate for the child.

The counseling services at St. Frances Academy are available not only to the students but to their families as well. Services and support groups are also available for parents during evening/weekend hours throughout the year. A parent may request to meet with one of our counselors at any time by contacting the Director of Counseling and Mental Health Services, DeTrece Lavender at 410-539-5794 or via email dee.lavender@sfacademy.org.

The Counseling Staff

There is one full time therapist on staff and a Licensed Social Worker as the Clinical Supervisor for our internship program. In addition, MMGCPC recruits college interns each year who are participating in Masters Degree programs in Clinical Psychology, Social Work, Mental Health Counseling or other helping/healing professions at Morgan State University, Walden University, Harvard University, Wake Forest, University of Maryland and Coppin State University. We also have partnerships with local non-profit organizations who offer additional services, assistance and/or referrals to ensure all needed services are available to our SFA community. Current partnerships include: Pets On Wheels, Family and Children Services of Maryland, Sarah's Hope Psychological Rehabilitation Program.

COUNSELING DEPARTMENT

Notice of Privacy Practices

Privacy is a natural concern for all those who seek counseling. It is also complicated because of federal and state laws that govern it and the general standards of the counseling profession. This notice describes how personal information about you may be used and disclosed.

When you elect to participate in the counseling program personal history information is collected and goes into your file in the counseling department. The information we collect from you is called in the law PHI, which stands for Protected Health Information. This information is not available to the school administration, faculty, staff, or any other interested parties outside of the counseling department of St Frances Academy. The PHI gathered is used to determine your counselor, establish goals for counseling, assess the effectiveness of the counseling you receive, and determine additional services you may need. Your PHI is only used by the intake person, your counselor and your counselor's supervisor. Some portion of your PHI must be shared with your counselor's supervisor in order to ensure that your counselor is held accountable for providing you with proper service. Some portion of your PHI may also be shared with other counselors during group supervision for educational purpose. This is usually done through case presentation where counselors present information on one of their clients. The client's name is not used during case presentations.

Your file containing your PHI is always kept secured in a locked file cabinet located in a locked room in the counseling department. Only counseling staff has access to student files. If you are not a student only your counselor has access to your files. PHI kept in your file is likely to include: your history gathered during intake, reasons you came for counseling, diagnoses (medical terms for your problems/symptoms), treatment plan (goals for your time in counseling), progress notes (summary of each session), information received from other agencies where you received services, psychological test scores, information about medications you are taking. This however is not a comprehensive list.

Your PHI is not disclosed to anyone outside of the SFA Counseling department except in the following situations:

- You (your legal guardian if you are under the age of 18) provide written consent for us to share your information with another agency/mental health professional
- When required by law
 - We have to report suspected child abuse (current or past)
 - If you are involved in a legal proceeding and we receive a subpoena, discovery request, or other lawful process, we may release some of your PHI. We will make every effort to notify you before releasing any information.
- To prevent serious threat to health or safety
 - If we come to believe that there is a serious threat to your health/safety or that of another person, because you reveal during counseling some serious thoughts of self-harming, suicide or other-harming, we can disclose some of your PHI.
- For statistical purposes
 - Some PHI information may be released to the SFA development office to justify the need for counseling services, to obtain funding for the school, and/or for marketing of SFA Academy. This information is provided in general format. Names or other identifying information is not provided. I understand that my child may choose to participate in counseling at any time as a student at SFA without my knowledge. I recognize that information discussed in the counseling session may not be shared with me unless

I understand that if my child is threatening suicide I will be contacted to take my child to the emergency room for evaluation. If the counselor is unable to reach me my child will be taken to the closest emergency room for evaluation and I will be contacted.

Re: Publication Awareness Form

At St. Frances Academy, we may have occasion to take photographs or video of our students for publicity or information purposes. For example, a photograph of your child may appear in the school newspaper, yearbook, or on our website. On occasion, a newspaper, magazine or television program has covered a story or event at St. Frances Academy and has taken photos/video for publication along with the story.

Such publishing generally requires permission. We would appreciate being able to share the "Good News" of St. Frances Academy with the greater community, without violating your child's privacy rights, and respectfully request your permission to do so. Please complete the section below.

Thank you.
